

## King Will Catering

Nicole Kingston and Jo Williams are friends and business partners. We came up with the idea of providing healthier meals to schools to be able to work around our families and give back to the Community. Previous to this we coordinated our schools Fete and fundraising for two years. We were then asked to take on Newport Power Junior Football Clubs canteens, we did this for two years running then picked up again this year.

Nicole has a nursing background, began her food career in Thermomix five years ago and retired as a Team Manager when KingWill Catering began. Nicole has two boys who love sport. Nicole is a dedicated part of Newport Power Junior Football Club and loves the Bulldogs.

Jo is old school hospitality, many moons ago ran a restaurant in a five star hotel. Worked in disabilities while caring for four daughters.

Our business has been in operation for 18 months now. We started with Sacred Heart Primary in Newport, picked up St Margaret Mary's in Spotswood and now begin with Altona North Primary School. We are affectionately known as the Canteen ladies and answer to each others names.

We look forward to becoming part of the Altona North Primary School Community. We will be in the staffroom on Tuesday morning at 9am to meet and answer any questions. Always happy to take calls

Thanks Nicole and Jo
