

Respect. Excellence. Acceptance. Community. Honesty.

REMOTE & FLEXIBLE LEARNING-Term 3, 2020

Dear Parents/Carers and Students,

As you are aware, we have now returned to Remote and Flexible Learning so students will resume their learning via Google Classroom/Meet. Although students are not on school site, they are still attending school via Google Classroom/Meet.

Teachers have been planning together and preparing Take Home Learning Packs as well as their Google Classroom/Meet sessions. Students will be supported with their learning through these sessions and in conjunction with their Learning Packs.

It is important that Parents/Carers support teachers by ensuring their child/children are prepared and ready for their Google Classroom/Meet session. We are ensuring that all students have access to Google Classroom and therefore expect all students to be involved in Google Classroom.

- **If possible, set up a quiet workspace for your child.**
 - Have the device (computer/laptop/netbook etc.) set up in this space
 - Complete Learning Tasks in this space
 - Ensure paper, books, pencils are available in this space

- **Encourage your child to:**
 - use this space to complete Home Learning Tasks
 - keep all their home learning tasks organised and together
 - participate in Google Classroom/Meet in this space
 - use their device to access on-line educational sites in this space
 - be prepared for the Google Classroom/Meet session.
 - follow the timetable and instructions provided by the teacher

- **You can also support your child by:**
 - having a quiet environment without interruptions. For example: turning off TVs, radios etc.
 - allowing your child to listen to the teacher without interruption from family
 - ensuring your child is appropriately dressed and ready to learn
 - avoiding eating during Google Classroom/Meet sessions with teachers
 - communicating with teachers by phone or school email, if required, not during your child's/children's Google Classroom/Meet sessions
 - return your child's/children's learning tasks in the given folders on the set days and times

- providing your child with positive comments, support, and encouragement
- trying to relax and do what you can
- taking time throughout the day to have fun with your child/children
- setting time throughout the day for your child/children to have a mind break - for example: play, exercise etc.

PLEASE REMEMBER TO HELP KEEP YOUR CHILD SAFE WHILE ON-LINE

Know what sites they are accessing while on-line.

Know who they are talking/communicating with on-line.

Ensure they are following the ANPS ICT Acceptable Use Agreement.

If you have any questions about your child's/children's learning or problems with devices, please contact the school by phone or school email.
We understand it is a very difficult time for everyone and we sincerely thank-you for your support and understanding during this rare time in history.

Stay safe. Stay Well.

Lee Blunt

Assistant Principal
