

*Respect. Excellence. Acceptance. Community. Honesty.*

Dear Parents/ Caregivers,

I do hope this letter finds you all safe and well. During this time of uncertainty, I am aware that there is confusion over Term 2 schooling. I am sending a short letter out to assure you that Altona North PS is prepared and ready for transitioning into remote learning.

I am currently waiting for information, which is due that, will give us further directives from the Department of Education, which I will then send through as soon as possible.

Our teachers and staff have worked extremely hard to ensure each and every student will have a learning package to suit your child's learning. I will give you further information of times when these packages can be picked up from school, as there will be strict guidelines for when and how these are to be picked up.

Further information will be following as updates come through. Please keep checking our Website and Facebook pages for these updates.

Thank you for your support and understanding.

Regards,

Robyn Gregson- Principal  
Altona North Primary School
