

Respect. Excellence. Acceptance. Community. Honesty.

Dear Parents / Caregivers,

Attending school onsite WILL REMAIN AVAILABLE ONLY IN LIMITED CIRCUMSTANCES. It is imperative that families understand that supervision at school is a last resort.

When applying for your children to attend school this MUST be a last resort with no one able to care for your children at home. The Department is very firm on this and questions will be asked about other alternatives.

Please note the times of schooling required between the hours of 8:45am and 3:15pm must be on the request form. ***There will be no early drop off or late pickups at this time. These hours are confirmed and will not be altered.***

Remember the learning at school and at home will be the same as all work has already been organised. This also means that your child may not have their classroom teacher and will be in a mixed age group.

Thankyou in advance for your cooperation.

Regards

Robyn Gregson
Principal
