

REMOTE & FLEXIBLE LEARNING:

All students have now received their DET (Department of Education & Training) Email, Password and Instructions on how to connect to Google Classroom.

To be able to successfully connect, instructions must be followed carefully.

1. Only use **GOOGLE CHROME**
2. Follow the given directions to go through the DET site
3. Use your child's **DET password** to log in to Google Classroom.

If Children are Sharing Computers then they must:

1. Log out of their google account when they finished using the computer
2. Close the browser down after logging out
3. Make sure there is no tab open anywhere
4. Reopen the browser and sign in again

***PLEASE NOTE:**

It is important if you have your own personal GMAIL accounts to completely sign out in your browser then close the browser down and open it again and follow the given instructions.

GOOGLE CLASSROOM: Google classroom allows students and teachers to connect by uploading documents and writing posts. Teachers are now connecting with students through Google Classroom. Teachers have begun posting comments and uploading documents for students and they have already successfully received posts from many of their students.

GOOGLE MEET: Google Meet is an interactive on-line platform for teachers and students to meet face to face on-line in groups.

Unfortunately at the moment we are unable to access Google Meet due to technical problems through Google. This is a state wide problem and the Education Department is currently working on it.

We will use GOOGLE MEET when the problem has been fixed.

Your teacher will keep you up to date on this and let you know when we can use Google Meet.

***PLEASE NOTE:**

GOOGLE Classroom & Google Meet are Student Learning Platforms

- They are only for communication between teachers and students in support of their learning. Parents/Carers may assist students in following teacher instructions etc.
- Teachers will meet on-line with students in the whole school allocated times.
- Small group GOOGLE meeting times will be set by individual teachers as needed. Teachers will inform families of these times.

Teacher & Parent/ Carer Communication

- Parents/ Carers will continue to communicate with teachers through phone calls and emails via the school or when the teacher rings.

COMUNICATION Expectations

As a community we continue to follow the ANPS School Wide Behaviour Student Matrix and Community Matrix and our ICT Acceptable Use Agreement protocols when communicating both on-line and off-line.
