

Specialists Units

Music / Performing Arts

Students are rehearsing for the end of year concert. Each grade will perform a class dance. Throughout the rehearsal process students will learn how to create multiple formations and the meaning of the dance terms 'unison' and 'canon'. Students will also explore partner work in dance as well as group dance.

Wakakirri - Students have now submitted their video to the 2019 Wakakirri Screen Challenge and are waiting for results. Students will be adapting their performance on screen to stage in order to perform at the end of year concert.

Dance Crew – Students are currently rehearsing for the end of year concert. They will be performing two group routines in the style of Hip Hop and will also be participating in the opening number of the concert.

Choir – Students are learning two songs for the end of year concert. During the process of rehearsals students will learn to harmonise with each other and will explore a wide range of pitch with their voice. Students participate in and learn a range of warm up exercises such as scales, hums and breathing techniques.

Instrumental Group – Students are rehearsing for the end of year concert and will be experimenting with different sounds and styles.

Drama Group – The main cast and backstage crew are working very hard during rehearsals for the mini production of Hansel & Gretel. Students will be performing to students and teachers at the end of the year.

Sustainability:

As Part of the inquiry units in Term 4, students in grades Prep, 1/2 and 3-4 will engage in an inquiry into Sustainability.

Grade3/4 students will further develop their understanding human impacts on our environment through the topic "Sustainability for the future". They will look at how human and natural changes to our environment affect the survival of living things.

Wal Raghdo

Visual Arts

Throughout term 3, the children in Grade 3 /4 will continue to use previously learnt skill to complete artworks. The use of vocabulary will be extended by analysing artworks with students describing artwork with some detail. As part of a whole school project, the children will create artwork relating to Christmas based on a traditional Christmas song called 'The 12 Days of Christmas'. Other cultural celebrations and Christmas celebrations from different countries will also be explored.

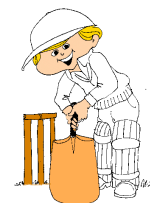

Deb Morgan

Physical Education

Term four is going to be an exciting term for students from grades 3/4, they will have the opportunity to participate in fitness and Cricket themed lessons. The skills in focus will be batting and bowling while coordinating movement during Cricket based lessons. Students will be taught correct bowling technique with an emphasis on spin bowling and fast bowling, batting techniques and striking the ball in particular directions in the field and fielding positioning and throwing accuracy. The grade 3/4 students will also be analysing personal fitness by undertaking the beep test again to compare levels of fitness to term one and determining reasons as to why there has or hasn't been improvements in their fitness. The students will have the opportunity to participate in skills based lessons then will use these skills during modified match play during their lesson time.

Vanessa Shiels

Auslan

Grades 1-4 will be concentrating on fingerspelling and how to ask and answer questions.
