

SAFER SCHOOL DROP OFF & PICK UP

Hobsons Bay City Council is preparing to install a drop off and pick up zone on Cresser Street at Altona North Primary School.

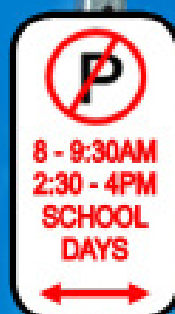

The purpose is to improve safety for children and reduce congestion during the morning drop off and afternoon pick up.

This project is a collaboration between Council and Altona North Primary School based on similar successful school parking areas around Melbourne.

The zone is shown by blue parking line marking and signs at the School's frontage to Cresser Street. Important guidelines for you to follow when using the drop off and pick up zone are shown on the other side of the page.

**No Parking
or Stopping
for longer
than two minutes**

Important information for parents and guardians

To ensure the drop off and pick up zone is used as safely and effectively as possible, Council advises parents and students to be mindful of the following.

In the drop off and pick up zone drivers are expected to:

- remain within three metres of their vehicles, however ideally remain in their vehicle at all times
- **not park or stop for longer than two minutes**
- not complete u-turns or 3-point turns within the zone
- not park across driveways or on nature strips, including access points to the school and residential properties
- park safely, mindful of the presence of children

Students should:

- have their bag in a safe area with them ready to take
- always get into and out of the vehicle on the school side

What do the signs and blue line in the drop off and pick up zone mean?

In summary, the area cannot be used for parking during drop-off and pick-up times.

Drivers must remain within three metres of their vehicle and leave as soon as the drop off or pick up is completed.

If you remain parked in the zone after completing the drop off or pick up, or parked over a residential driveway or within a no stopping area you may receive an infringement notice.

If parents or guardians wish to walk their child to the school gates they will need to park their car outside the drop-off and pick-up zone.
