

Parent /Teacher Interviews Term 4 2020

Dear Parents & Carers,

We have just received information from the Education Department outlining expectations and guidelines around Reporting for Semester 2, 2020. In support of this information, we will provide written reports at the end of the year and run On-Line Parent/Teacher interviews on Google Classroom in the first two weeks of Term 4.

Teachers have had on-going communication with Parents & Carers during the Remote & Flexible Learning period and this time will provide an opportunity for further discussion about children's learning and well-being.

- Grade Prep & 1/2 interviews will be in week 1, Term 4
- Grade 3/4 & 5/6 interviews will be in week 2, Term 4
- Interviews will be via your child's Google Classroom
- There will be a personal **20 minute** interview time allocated for every child.
- Your child's teacher will let you know your individual interview time on Google Classroom Stream or by phone.
- Normal Google Classroom sessions will still continue as interview times are being organised around these.
- Written reports will be provided at the end of the year.

Please Note: Teachers will provide further information to their individual classes and will be able to answer any questions.

We once again thank-you for your kind words of support and congratulate you on the wonderful support you provide your child.

Lee Blunt
Assistant Principal
