## September

Friday 15th  
Last day of  
Term 3

## October

Monday 2nd  
Term 4 begins

Dear Families,

We are currently planning events for our Literacy and Numeracy Week. We are excited to be having our open evening on Wednesday 2nd August. The week will be filled with special events including an opening assembly, followed by open classroom visits. This week is a wonderful week that celebrates all the great things we do here at ANPS in support of our students Literacy and Numeracy development. The family events that are planned are a fantastic opportunity for families to experience and be involved in their child's school life. Children love it when a family members participate in these events, so it would be great if you were able to participate in at least of the sessions planned. More information will be available shortly.

**NAPLAN:** Students NAPLAN results will be available shortly from the office. From this year there will be a new reporting format displaying students results. Information explaining the changes will be provided with the NAPLAN report. We will inform families when they will be available for collection.

**Illness/Sickness:** We are all feeling the cold this week. As usual, at this time of the year there are illnesses going around. We have had a number of students coming to school with runny noses, sneezing and coughing that we have had to send home early. Children find it difficult to learn and often feel miserable when they are unwell. Therefore it is important to keep your child at home when they are showing any signs of being unwell, this is for their health's sake and to help keep the other students and staff safe, healthy and well.

**Prep 2024:** We are still accepting Prep enrolments for the 2024 school year. If you or anyone you know wishes to enrol at Altona North Primary School for the 2024 school year, please do so as soon as possible as numbers are filling up. Enrolment packs are available at our front office and on our website. We have our next Prep tour next Thursday 27th July at 12pm. If you would like a tour please contact the Office.

**Code Camp After School Program:** Unfortunately Code Camp had to postpone the after school program this week as they require a few more students to be able to run the programs. If you wish to book your child into this afterschool program, you can do so via our website, Facebook page or contact the office.

**Breakfast Club:** Breakfast Club is **NOT** running tomorrow or next week. Breakfast Club will be back the week starting Monday 31st July, once restocked.

**Reading in May:** A HUGE THANK-YOU to all the students and families who participated in our 2023 ANPS May Family Reading Month. Congratulations to our class Reading Champions for reading the most hours in their class. Class champions were very happy with their book awards and hopefully they will have the opportunity to share the books with their families. Congratulations also to grade 3/4 W who are this years' School Champions. The students in this class read a massive total of 385 hours and 45 minutes. We hope all the families and students who participated in our Family Reading in May event, enjoyed their spherical times together.
