Teeth On Wheels

Dear ANPS Families,

Tuesday 14th
Teeth On Wheels

Schools are one of those very special environments that provides children opportunities to develop academically, physically, socially and emotionally. Focussing on the 'whole child' improves their chances of reaching their full potential. At ANPS developing the 'whole child' is at the core of everything we do, so we take great pride in all the extra curricular activities that we provide our students. This includes interschool sports, cross country, grade 5 buddy program with local kindergarten, lunchtime activities run by student leaders and staff, choir and Breakfast Club supervised by volunteer school staff, just to name a few...

Prep Swimming

These activities and events can only happen with the support of the ANPS teachers and education support staff, I would like to thank them all for the great work that they do with our students.

Inter-School Sports: Tomorrow the 5/6 unit will be participating in their first round of Inter-School Sports. It is a home game, so they will be playing against Spotswood Primary School here on the school grounds. However, the footy team will be playing across the road on Langshaw's Reserve. Your child would love you to come along and support their team if you have time.
