We nurture and support all students in becoming innovative, resilient, lifelong learners who make positive contributions to local and global communities.

We cater for a diverse range of cultures through close community relationships, strong differential curriculum and a holistic approach to each student's social/emotional wellbeing and learning.

Students are organised into an appropriate grade structure, determined with reference to Victorian Curriculum levels, school needs and student enrolments. This structure is reviewed annually.

A comprehensive curriculum is provided encompassing all areas of the Victorian Curriculum Foundation – Year 10. The school has adopted an inquiry learning model using an integrated

All members of our school community have a right to experience a safe and supportive school environment. We expect that all students, staff, parents and carers treat each other with respect and dignity. Our school's Statement of Values highlights the rights and responsibilities of members of our community.

Students have the right to:

Students have the responsibility to:

- respect the right of others to learn.

Students who may have a complaint or concern about something that has happened at school are encouraged to speak to their parents or carers and approach a trusted teacher or a member of the school leadership team.

## **6. Student behavioural expectations**

Behavioural expectations of students, staff and families are grounded in our school's Statement of Values. Student bullying behaviour will be responded to consistently with the school's Bullying Prevention Policy.

When a student acts in breach of the behaviour standards of our school community, we will institute a staged response, consistent with the Department's Student Engagement and Behaviour Guidelines. Where appropriate, parents/carers will be informed about the inappropriate behaviour and the disciplinary action taken by teachers and other school staff.

Disciplinary measures may be used as part of a staged response to inappropriate behaviour in combination with other engagement and support strategies to ensure that factors that may have contributed to the student's behaviour are identified and addressed. Disciplinary measures at our school will be applied fairly and consistently. Students will always be provided with an opportunity to be heard.

Disciplinary measures that may be applied include:

- warning a student that their behaviour is inappropriate
- teacher controlled consequences such as moving a student in a classroom or other reasonable and proportionate responses to misbehaviour
- withdrawal of privileges
- restorative practices
- behaviour reviews

- suspension
- expulsion

**Corporal punishment is prohibited in our school and will not be used in any circumstance.**

### **Bullying Prevention**

We strive to foster a school culture that prevents bullying behaviour by modelling and encouraging behaviour that demonstrates acceptance, kindness and respect. We have zero tolerance of bullying including cyberbullying.

Bullying prevention is proactive and is supported by research that indicates that a whole school, multifaceted approach is the most effect way to prevent and address bullying. At our school:

- We have a positive school environment that provides safety, security and support for students and promotes positive relationships and wellbeing.
- We strive to build strong partnerships between the school, families and the broader community that means all members work together to ensure the safety of students.
- Teachers are encouraged to incorporate classroom management strategies that discourage bullying and promote positive behaviour.
- A range of year level incursions and programs are planned for each year to raise awareness about bullying and its impacts.
- In the classroom, our social and emotional learning curriculum teaches students what constitutes bullying and how to respond to bullying behaviour assertively. This promotes resilience, assertiveness, conflict resolution and problem solving.
- The Peer Support Program and the Peer Mediation program encourage positive relationships between students in different year levels. We seek to empower students to be confident communicators and to resolve conflict in a non-aggressive and constructive way.
- Students are encouraged to look out for each other and to talk to teachers and older peers about any bullying they have experienced or witnessed.
- We participate in the National Day of Action against Bullying and Violence.

Bullying complaints are taken seriously and responded to sensitively at our school.

Students who may be experiencing bullying behaviour, or students who have witnessed bullying behaviour, are encouraged to report their concerns to school staff as soon as possible.

In most circumstances, we encourage students to speak to their class teacher. However, students are welcome to discuss their concerns with any trusted member of staff including teachers, wellbeing staff, the school social worker etc.].

### **Attendance**

The school believes all students should attend school all day, every day when the school is open for instruction and is committed to working with its school community to encourage and support full school attendance.

Both the school and parents/carers have an important role to play in supporting students to attend school every day.

Our school will identify individual students or cohorts who are vulnerable and whose attendance is at risk and/or declining and will work with these students and their parents/carers to improve their attendance through a range of interventions and supports.

Parents/carers are expected to communicate with the relevant staff at the school about any issues affecting their child's attendance and work in partnership with the school to address any concerns.

Parents/carers must provide a reasonable explanation for their child's absence from school and endeavour to schedule family holidays, appointments and other activities outside of school hours.

### **Supporting and promoting attendance**

The school promotes student attendance by:

- providing recognition for high attending students
- following up on unapproved non-attenders by communicating to parents/carers on the day of an absence
- publishing newsletter articles outlining the importance of school attendance
- articulating high expectations to all members of the school community by:
- regularly communicating with parents/carers about expectations for attendance
- promoting awareness that absence results in quantifiable lost learning time and opportunities
- modelling punctuality across the whole school
- creating a safe, supportive learning environment where all students experience success through active participation and engagement in purposeful learning

### **Recording attendance**

The school records student attendance twice daily. This is necessary to:

- meet legislative requirements
- discharge the school's duty of care for all students

If students are in attendance at a school approved activity, the teacher-in-charge of the activity will record them as being present. This information is then sent to the office where the Admin staff enter in the appropriate code i.e. Camp, Excursion or Special Event.

### **Recording absences**

For absences where there is no exemption in place, a parent/carer must provide an explanation on each occasion to the school, preferably between 8.30 am and 9.00 am.

Parents/Carers should notify the school of absences by:

- contacting the school office via phone, email or SMS
- informing the classroom teacher in writing of an absence

If a student is absent on a particular day and the school has not been previously notified by a parent/carer, or the absence is otherwise unexplained, the school will notify parents by email or SMS by 10:30 am on the day of the absence, requesting notification.

The school will keep a record of the reason given for each absence. The Principal will determine if the explanation provided is a **reasonable excuse** for the purposes of the parent/carer meeting their responsibilities under the *Education Training Reform Act 2006* and the School Attendance Guidelines.

If the school considers that the parent/carer has provided a **reasonable excuse** for their child's absence the absence will be marked as '**Explained**' and the reason given is recorded.

If the school determines that the excuse provided is not reasonable the absence will be marked as '*Parent Choice Unauthorised*'.

The Principal has the discretion to accept a valid reason given by a parent/carer for a student's absence. Generally, the Principal will excuse:

- illness
- medical and dental appointments, where out of hours appointments are not possible or appropriate
- bereavement or attendance at the funeral of a relative or friend of the student, including a student required to attend Sorry Business
- school refusal, if a plan is in place with the parent/carer to address causes and support the student's return to school
- cultural observance if the parent/carer notifies the school in advance
- family holidays where the parent/carer notifies the school in advance

If no explanation is provided by the parent/carer within 10 school days of an absence, it will remain recorded as 'Unexplained' on the student's file.

Parents/carers will be notified if an absence has not been accepted as excused.

### **Managing non-attendance and supporting student engagement**

Where absences are of concern due to their nature or frequency, or where a student has been absent for more than five days, the school will work collaboratively with parents/carers, the student, and other professionals, where appropriate, to develop strategies to improve attendance, possibly including:

- establishing an Attendance Student Support Group
- implementing a Return to School Plan
- implementing an Individual Education Plan
- implementing a Student Absence Learning Plan for students who will be absent for an extended period
- arranging for assistance from relevant student wellbeing staff in the school.

We understand from time to time that some students will need additional support and assistance, and in collaboration with the student and their family, will endeavour to provide this support when it is required.

## **7. Engaging with families**

We value the input of parents/carers, and we will strive to support families to engage in their child's learning and build their capacity as active learners. We aim to be partners in learning with parents/carers in our school community.

We work hard to create successful partnerships with parents and carers by:

- ensuring that all parents have access to our school policies and procedures, available on our school website
- maintaining an open, respectful line of communication between parents and staff, supported by our two Communication Policies.
- providing parent volunteer opportunities so that families can contribute to school activities
- involving families with homework and other curriculum-related activities
- involving families in school decision making
- coordinating resources and services from the community for families

- including families in Student Support Groups, and developing individual plans for students.

## 8. Evaluation

The school will collect data each year to understand the frequency and types of wellbeing issues that are experienced by our students so that we can measure the success or otherwise of our school-based strategies and identify emerging trends or needs.

Before reviewing this wellbeing & engagement policy, the school will gather data from:

- [School information portal](#) (login required)
- [Data Collection and Surveys](#)
- [Bullying Data Collection Tool](#)
